QuoteAI — quoting, contracts, invoicing and job management software for Canadian renovation contractors

Prepared	2026-09-24 · source revision 190414d
Business	Not yet decided. The pages below name the business only as "QuoteAI"; the registered name, mailing address and tax numbers fill in everywhere at once when chosen (Phase 99 L-4).
Contract templates	Version 1. Each signed contract keeps the version it was signed under; any wording change after this review becomes version 2.
Terms and privacy policy	As served at https://quoteai.ca on 2026-09-24, in English and French. Neither has been reviewed by a lawyer.
Who uses what	The contractor (our customer) is the party to each renovation contract; QuoteAI supplies the template and the signing process. The contractor's own client signs on a web page, never with an account.

1. Questions for review

What we would like confirmed or corrected. Each point refers to the documents later in this packet.

A. Contract templates (part 4)

- **Ontario** — *Consumer Protection Act, 2002*: the 10-day cancellation notice for direct agreements, its wording and placement; *Construction Act* holdback (10 %, released 60 days after substantial performance) with lien rights not waived; the WSIB clause.
- **British Columbia** — *Business Practices and Consumer Protection Act* direct-sales cancellation; *Builders Lien Act* holdback and 55-day period; WorkSafeBC.
- **Alberta** — *Consumer Protection Act* and the prepaid-contracting licence disclosure; *Prompt Payment and Construction Lien Act* (proper invoice, 28 days, 14-day dispute notice); WCB-Alberta.
- **Québec** — Civil Code contract of enterprise (arts. 2098-2129) and legal hypothec (art. 2724 ff.); *Consumer Protection Act* itinerant-merchant cancellation; the RBQ licence number; French by default, with English only when the customer expressly asks and that request recorded; CNESST.
- **Generic template** — used for every other province and territory. Is it safe to offer at all, or should contracts be limited to the four provinces above?
- Whether the product may describe the templates as “compliant” in marketing. Today it says they are informed by the statutes and are not legal advice.

B. Electronic signature (part 3)

- Is the evidence each signature carries sufficient for a residential renovation contract under Ontario's *Electronic Commerce Act, 2000*, B.C.'s *Electronic Transactions Act*, Alberta's *Electronic Transactions Act* and Québec's *Act to establish a legal framework for information technology*?
- Is the consent sentence adequate, in both languages?

C. Invoices

- Invoices carry sequential numbers that are never reused (a void keeps its number), the contractor's GST/HST number, the buyer's name, and each tax shown separately. Does this meet the CRA's requirements at the \$30 and \$150 thresholds, and Revenu Québec's for QST?

D. Commercial electronic messages (CASL)

- Automated follow-ups to a contractor's leads and clients record the consent source for each person, carry an unsubscribe link honoured at once, identify the contractor, and stop on reply,

acceptance or refusal. Can the contractor rely on implied consent for “asked for a quote” and on the two-year existing-customer window?

- Does QuoteAI, as the platform sending on the contractor's behalf, carry exposure of its own?
- QuoteAI's own emails (account, billing) will carry the registered name and mailing address once decided.

E. Terms of Service and Privacy Policy (part 5)

- PIPEDA and Québec Law 25: the person in charge of personal information, the breach register, and the rights the product now supports — every account can export all of its data as a ZIP and delete itself (7-day grace period, then purged; encrypted backups age out within 30 days). Are the policy's statements about these accurate and sufficient?
- The list of recipients of personal information (part 2) — complete and correctly described?
- Governing law, and the limitation of liability for prices suggested by AI (the contractor always reviews and sends the quote).
- The French versions are translations made with the English. Terms §1 now says both versions have the same effect — is that clause right, and is either version to prevail?

F. Help centre

- The in-app help guides (<https://quoteai.ca/help>) explain cooling-off periods, holdbacks, lien periods and CASL in plain language. Please skim them for anything that reads as legal advice.

2. Who receives personal information

Verbatim from the English privacy policy, §5, at <https://quoteai.ca/privacy-policy>. Most of these receive data only when the contractor turns the matching feature on.

- **Stripe Inc.** — payment processing and payouts (Stripe Connect).
- **AI providers (Groq, Inc. or OpenAI, LLC)** — quote, contract and document generation. The job description, the photos and documents you attach, your price catalogue and the client details on the quote are sent under their API terms of service.
- **Vercel Inc. and Supabase Inc.** — application hosting, database and file storage.
- **Resend Inc.** — transactional email delivery; Gmail (Google LLC) or Outlook (Microsoft Corporation) when you connect your own mailbox to send from it.
- **Meta Platforms, Inc.** — WhatsApp Business messages you choose to send to clients, and Meta Lead Ads if you connect an ad account.
- **Google LLC and Microsoft Corporation** — calendar sync (Google Calendar, Outlook) when you connect a calendar.
- **Intuit Inc. (QuickBooks) and Wave Financial Inc.** — accounting sync when you connect them.
- **Financeit Canada Inc. and Flinks Technology Inc.** — client financing offers and bank-transaction matching when you enable them.
- **PostHog, Inc. and Google LLC (Google Analytics)** — product analytics and website traffic measurement.
- **Twilio Inc.** — text messages (SMS) you choose to send to clients and crew, and the replies they send back.
- **Functional Software, Inc. (Sentry)** — error reports when something fails in the app; they carry the technical context of the error (page, browser, account identifier), not the content of your quotes.
- **Apple Inc., Google LLC and Mozilla Corporation** — delivery of the push notifications you turn on, through your browser's own push service.

3. How a contract is signed

From the signing flow (the /sign page and its API).

1. The contractor sends the contract; the client receives a private link by email. The link is unique to that signer and expires.
2. Before signing, the client proves control of the email address with a 6-digit code sent to it (valid 10 minutes, 5 attempts, rate-limited).
3. The client reads the contract on the page, ticks a consent box, and signs by typing their full name or drawing a signature.
4. Recorded with each signature: the name, the signature image or typed name, the exact consent sentence shown, the date and time, the IP address and the browser identification.
5. When every party has signed, a final PDF is produced with an audit certificate listing those events. The SHA-256 fingerprints of the unsigned and the signed PDF are stored; the signed PDF is kept unchanged in private storage and survives archiving of the job.
6. Both parties receive the signed PDF by email.

The consent sentence, as shown and stored:

English: "I have read the contract, including my cancellation rights, and agree to sign it electronically. My electronic signature has the same effect as a handwritten signature."

Français : « J'ai lu le contrat, y compris mon droit de résolution, et j'accepte de le signer électroniquement. Ma signature électronique a la même valeur qu'une signature manuscrite. »

Changes after signing are made by change orders, each a separate signed document that amends the agreement and follows the same process.

4.1 Contract template — Ontario (English)

Template ON, version 1, rendered by the product with sample values (a \$40,000 kitchen, signed at the customer's home so the cooling-off wording applies, 10 % statutory holdback retained). "Scope" and "Schedule" are drafted per job from the accepted quote and are editable by the contractor; every other clause is fixed.

5.1 Terms of Service (English)

<https://quoteai.ca/terms> · Last updated: September 23, 2026

1. Acceptance of terms

By using the **QuoteAI** platform (the "Service"), available at **quoteai.ca**, you agree to be bound by these Terms of Service in full. If you do not agree to these terms, you may not use the Service.

The Service is operated by **QuoteAI** ("the Company", "we"), a business operating from Ontario, Canada.

These Terms are available in English and in French ([version française](#)). You chose the language you read them in; both versions have the same effect.

2. Description of the service

QuoteAI is a SaaS platform that helps tradespeople, contractors, and businesses generate professional quotes using artificial intelligence. The Service includes:

- AI-generated quotes from a text description of the work.
- Creation and download of professional PDF documents.
- Business profile management and quote storage.
- Monthly subscription plans and one-time purchases.

3. User accounts

To access the Service you must create an account and provide accurate, up-to-date information. You are responsible for keeping your credentials confidential and for all activity that occurs under your account. If you become aware of any unauthorized access, notify us immediately at support@quoteai.ca.

4. Plans and payment

4.1 Available plans

- **Starter (\$19 CAD/month or \$190 CAD/year):** up to 10 quotes per month, PDFs with the QuoteAI watermark.
- **Pro (\$49 CAD/month or \$490 CAD/year):** up to 60 quotes per month, PDFs without a watermark, custom branding, contracts, job sites, costs and invoicing.
- **Elite (\$59 CAD/month or \$590 CAD/year):** unlimited quotes, everything in Pro, team time tracking, the AI assistant, advanced analytics and integrations (online card payments, accounting sync, public API).
- **Single with Watermark (\$5 CAD):** one PDF quote with the QuoteAI watermark.
- **Single Clean (\$13 CAD):** one PDF quote without a watermark.

4.2 Billing

Monthly plans renew automatically each month; annual plans renew automatically each year and are billed once, up front, at ten times the monthly price (two months free). Payments are processed by Stripe Inc. and are subject to Stripe's own terms of service. Prices are listed in Canadian dollars (CAD) and are exclusive of applicable GST/HST (and QST in Québec), which is added at checkout based on your billing address. You may switch tier or billing cadence at any time from Settings → Billing; the change takes effect immediately and the unused portion of the current period is prorated — charged or credited on the same receipt.

4.3 Refunds and cancellation

Digital content that has been delivered immediately upon purchase (such as a completed PDF quote) is generally non-refundable once downloaded, consistent with standard practice for digital goods. For monthly and annual plans, you may cancel at any time; the Service remains active until the end of the period already paid for. No pro-rated refunds are provided for unused portions of a billing period on cancellation (proration applies only when switching between plans, as described in 4.2). Nothing in this section limits any non-waivable rights you may have under applicable provincial consumer protection legislation.

5. Acceptable use

You may not use the Service to:

- Generate false, fraudulent, or misleading documents.
- Infringe the rights of third parties, violate applicable law, or violate this policy.
- Attempt to access other users' data or compromise the security of the platform.
- Engage in large-scale automated use (scraping, bots) without written authorization.
- Resell or sublicense access to the Service to third parties.

6. Intellectual property

QuoteAI and its associated logos, trademarks, interfaces, and source code are the exclusive property of the Company. Quotes generated through the Service belong to the user who created them. The user grants QuoteAI a limited, non-exclusive licence to process submitted data solely for the purpose of providing the Service.

7. Limitation of liability

Quotes generated by the AI are estimates based on statistical data. **QuoteAI does not guarantee the accuracy, completeness, or suitability of quotes for any specific contractual context.** You are responsible for reviewing and validating all content before presenting it to your own clients. To the extent permitted by applicable law, QuoteAI is not liable for indirect damages, data loss, lost profits, or damages arising from errors in AI output.

8. Suspension and termination

QuoteAI reserves the right to suspend or terminate access to the Service in the event of a breach of these Terms, with notice by email except in cases of serious violations. You may cancel your account at any time from the Settings page or by contacting support@quoteai.ca.

9. Changes to these terms

We reserve the right to modify these Terms with at least 14 days' notice by email. Continued use of the Service after the effective date of any changes constitutes acceptance of the new Terms.

10. Governing law and jurisdiction

These Terms are governed by the laws of the Province of Ontario and the federal laws of Canada applicable therein. Any dispute arising from these Terms is subject to the exclusive jurisdiction of the courts of Ontario, except where the user is a consumer under applicable provincial consumer protection legislation, in which case any mandatory statutory consumer protections will apply.

5.2 Conditions d'utilisation (français)

<https://quoteai.ca/fr/conditions> · Dernière mise à jour : 23 septembre 2026

1. Acceptation des conditions

En utilisant la plateforme **QuoteAI** (le « Service »), accessible à l'adresse **quoteai.ca**, vous acceptez d'être lié par l'ensemble des présentes conditions d'utilisation. Si vous ne les acceptez pas, vous ne pouvez pas utiliser le Service.

Le Service est exploité par **QuoteAI** (« l'Entreprise », « nous »), une entreprise exerçant ses activités en Ontario, Canada.

Les présentes conditions sont offertes en français et en anglais ([English version](#)). Vous avez choisi la langue dans laquelle vous les lisez; les deux versions ont le même effet.

2. Description du service

QuoteAI est une plateforme SaaS qui aide les gens de métier, les entrepreneurs et les entreprises à produire des soumissions professionnelles au moyen de l'intelligence artificielle. Le Service comprend :

- des soumissions produites par l'IA à partir d'une description écrite des travaux;
- la création et le téléchargement de documents PDF professionnels;
- la gestion du profil d'entreprise et la conservation des soumissions;
- des forfaits d'abonnement mensuels et des achats à l'unité.

3. Comptes d'utilisateur

Pour accéder au Service, vous devez créer un compte et fournir des renseignements exacts et à jour. Vous êtes responsable de la confidentialité de vos identifiants et de toute activité effectuée dans votre compte. Si vous constatez un accès non autorisé, avisez-nous immédiatement à support@quoteai.ca.

4. Forfaits et paiement

4.1 Forfaits offerts

- **Starter (19 \$ CA par mois ou 190 \$ CA par année)** : jusqu'à 10 soumissions par mois, PDF avec le filigrane QuoteAI.
- **Pro (49 \$ CA par mois ou 490 \$ CA par année)** : jusqu'à 60 soumissions par mois, PDF sans filigrane, image de marque personnalisée, contrats, chantiers, coûts et facturation.
- **Elite (59 \$ CA par mois ou 590 \$ CA par année)** : soumissions illimitées, tout ce qu'offre Pro, suivi du temps de l'équipe, assistant IA, analyses avancées et intégrations (paiement par carte en ligne, synchronisation comptable, API publique).
- **Soumission à l'unité (5 \$ CA)** : une soumission PDF avec le filigrane QuoteAI.
- **Soumission à l'unité, épurée (13 \$ CA)** : une soumission PDF sans filigrane.

4.2 Facturation

Les forfaits mensuels se renouvellent automatiquement chaque mois; les forfaits annuels se renouvellent automatiquement chaque année et sont facturés en une fois, d'avance, à dix fois le prix mensuel (deux mois gratuits). Les paiements sont traités par Stripe Inc. et soumis à ses propres conditions d'utilisation. Les prix sont indiqués en dollars canadiens et excluent la TPS/TVH applicable (et la TVQ au Québec), ajoutée au paiement selon votre adresse de facturation. Vous pouvez changer de forfait ou de cadence de facturation en tout temps depuis Paramètres → Facturation; le changement s'applique immédiatement et la partie inutilisée de la période en cours est calculée au prorata — facturée ou créditée sur le même reçu.

4.3 Remboursements et annulation

Le contenu numérique livré immédiatement à l'achat (comme une soumission PDF terminée) n'est généralement pas remboursable une fois téléchargé, conformément à la pratique courante pour les biens numériques. Vous pouvez annuler un forfait mensuel ou annuel en tout temps; le Service reste actif jusqu'à la fin de la période déjà payée. Aucun remboursement au prorata n'est accordé pour la partie inutilisée d'une période en cas d'annulation (le prorata ne s'applique qu'au changement de forfait, comme décrit à l'article 4.2). Rien dans le présent article ne limite les droits auxquels vous ne pouvez renoncer en vertu des lois provinciales applicables sur la protection du consommateur.

5. Utilisation acceptable

Vous ne pouvez pas utiliser le Service pour :

- produire des documents faux, frauduleux ou trompeurs;
- porter atteinte aux droits de tiers, enfreindre la loi applicable ou enfreindre les présentes conditions;
- tenter d'accéder aux données d'autres utilisateurs ou de compromettre la sécurité de la plateforme;
- faire un usage automatisé à grande échelle (moissonnage, robots) sans autorisation écrite;
- revendre l'accès au Service ou en octroyer une sous-licence à des tiers.

6. Propriété intellectuelle

QuoteAI ainsi que ses logos, marques de commerce, interfaces et code source sont la propriété exclusive de l'Entreprise. Les soumissions produites au moyen du Service appartiennent à l'utilisateur qui les a créées. L'utilisateur accorde à QuoteAI une licence limitée et non exclusive lui permettant de traiter les données soumises uniquement pour fournir le Service.

7. Limitation de responsabilité

Les soumissions produites par l'IA sont des estimations fondées sur des données statistiques. **QuoteAI ne garantit pas l'exactitude, l'exhaustivité ni la pertinence des soumissions dans un contexte contractuel particulier.** Il vous revient de vérifier et de valider tout le contenu avant de le

présenter à vos propres clients. Dans la mesure permise par la loi applicable, QuoteAI n'est pas responsable des dommages indirects, de la perte de données, du manque à gagner ni des dommages découlant d'erreurs dans les résultats de l'IA.

8. Suspension et résiliation

QuoteAI se réserve le droit de suspendre ou de résilier l'accès au Service en cas de manquement aux présentes conditions, avec préavis par courriel sauf en cas de violation grave. Vous pouvez fermer votre compte en tout temps depuis la page Paramètres ou en écrivant à support@quoteai.ca.

9. Modification des conditions

Nous nous réservons le droit de modifier les présentes conditions moyennant un préavis d'au moins 14 jours par courriel. L'utilisation continue du Service après la date d'entrée en vigueur des modifications vaut acceptation des nouvelles conditions.

10. Droit applicable et compétence

Les présentes conditions sont régies par les lois de la province de l'Ontario et les lois fédérales du Canada qui s'y appliquent. Tout différend découlant des présentes conditions relève de la compétence exclusive des tribunaux de l'Ontario, sauf si l'utilisateur est un consommateur au sens des lois provinciales applicables sur la protection du consommateur, auquel cas les protections légales impératives s'appliquent.

5.3 Privacy Policy (English)

<https://quoteai.ca/privacy-policy> · Last updated: September 23, 2026

1. Who we are

This Privacy Policy is issued by **QuoteAI** (referred to as "the Company", "we", or "us"), a business operating from Ontario, Canada, reachable at privacy@quoteai.ca. The person in charge of the protection of personal information (Québec Law 25) can be reached at the same address. We are committed to protecting your personal information in accordance with the Personal Information Protection and Electronic Documents Act (PIPEDA) and applicable provincial privacy legislation.

2. Information we collect

We collect the following categories of personal information:

- **Account information:** first name, last name, and email address, provided when you create an account.
- **Business profile information:** company name, Business Number / GST-HST number, address, phone number, business email, and company logo.
- **Quote data:** job descriptions, client (customer) information, amounts, and line items on quotes you generate.
- **Payment information:** handled directly by Stripe Inc. — we never access your full credit card details.
- **Authentication credentials:** your password is stored as a salted hash on our own servers; we do not send it to any third-party identity provider.
- **Technical information:** IP address, browser type, pages visited, and session duration (via system logs).

3. Purposes and grounds for collection

a) Providing the service

Processing necessary to create your account, generate quotes using AI, and manage subscriptions and payments.

b) Legal and tax obligations

Retention of billing records to meet obligations under the Income Tax Act and applicable GST/HST legislation.

c) Legitimate business interests

Aggregate analysis to improve the service, fraud prevention, and platform security.

d) Consent

Sending promotional communications and newsletters, only after your explicit opt-in.

4. Data retention

We retain personal information only for as long as necessary for the purposes described above:

- **Account data** — until you delete your account. Deletion is self-serve (Settings → Security → Delete account) and takes effect after a 7-day grace period during which you can cancel from the confirmation email; your login is blocked, your subscription cancelled and connected services disconnected as soon as you request it. At the end of the grace period every quote, client, job, cost, photo, document and setting is permanently erased, including files in storage.
- **Signed contracts and issued invoices** — kept for 7 years after deletion, as required by the Income Tax Act, the Excise Tax Act (GST/HST) and Revenu Québec for books and records. They are unlinked from the deleted profile and held under an anonymous record that keeps only the business name and tax registration numbers needed to identify them; they are then deleted automatically.
- **Subscription billing records** — 7 years, per CRA requirements for GST/HST and income tax records (held by Stripe and in our accounting).
- **Data exports** — the ZIP file you request from Settings → Security is deleted 7 days after it is produced.
- **Technical logs** — 90 days. **Encrypted database backups** — 30 days, so deleted data can persist in a backup for up to 30 days after the purge.

5. Who we share information with

Personal information may be shared with the following categories of recipients:

- **Stripe Inc.** — payment processing and payouts (Stripe Connect).
- **AI providers (Groq, Inc. or OpenAI, LLC)** — quote, contract and document generation. The job description, the photos and documents you attach, your price catalogue and the client details on the quote are sent under their API terms of service.
- **Vercel Inc. and Supabase Inc.** — application hosting, database and file storage.
- **Resend Inc.** — transactional email delivery; Gmail (Google LLC) or Outlook (Microsoft Corporation) when you connect your own mailbox to send from it.
- **Meta Platforms, Inc.** — WhatsApp Business messages you choose to send to clients, and Meta Lead Ads if you connect an ad account.
- **Google LLC and Microsoft Corporation** — calendar sync (Google Calendar, Outlook) when you connect a calendar.
- **Intuit Inc. (QuickBooks) and Wave Financial Inc.** — accounting sync when you connect them.
- **Financit Canada Inc. and Flinks Technology Inc.** — client financing offers and bank-transaction matching when you enable them.

- **PostHog, Inc. and Google LLC (Google Analytics)** — product analytics and website traffic measurement.
- **Twilio Inc.** — text messages (SMS) you choose to send to clients and crew, and the replies they send back.
- **Functional Software, Inc. (Sentry)** — error reports when something fails in the app; they carry the technical context of the error (page, browser, account identifier), not the content of your quotes.
- **Apple Inc., Google LLC and Mozilla Corporation** — delivery of the push notifications you turn on, through your browser's own push service.

We do not sell personal information to third parties. Where information is processed or stored outside Canada (including in the United States), we take reasonable steps to ensure a comparable level of protection through contractual safeguards, consistent with PIPEDA principle 4.1.3 (accountability for information transferred to third parties).

6. Your rights

Under PIPEDA and applicable provincial privacy laws, you have the right to:

- **Access** — request a copy of the personal information we hold about you. Account owners can download everything at once from Settings → Security → Export my data (one export per day, link valid 7 days).
- **Correction** — request correction of inaccurate or incomplete information.
- **Withdrawal of consent** — withdraw consent at any time, subject to legal or contractual restrictions.
- **Deletion** — delete your account yourself from Settings → Security → Delete account, subject to the legal retention obligations in section 4.
- **Complaint** — file a complaint about how we handle your information.

To exercise these rights, contact us at privacy@quoteai.ca. We will respond within 30 days. You also have the right to file a complaint with the [Office of the Privacy Commissioner of Canada](#), or with your provincial privacy regulator where applicable.

7. Cookies and tracking technologies

We use only strictly necessary cookies required for the service to function (authentication, session management). We do not use profiling or third-party advertising cookies.

8. Security

We use appropriate technical and organizational safeguards to protect personal information against unauthorized access, loss, or alteration: encrypted connections (TLS/HTTPS), access controls, and hashed credential storage on our own infrastructure.

9. Changes to this policy

We may update this Privacy Policy from time to time. Material changes will be communicated by email or via an in-platform notice at least 14 days in advance.

5.4 Politique de confidentialité (français)

<https://quoteai.ca/fr/confidentialite> · Dernière mise à jour : 23 septembre 2026

1. Qui nous sommes

La présente politique de confidentialité est publiée par **QuoteAI** (« l'Entreprise », « nous »), une entreprise exerçant ses activités en Ontario, Canada, joignable à privacy@quoteai.ca. La personne responsable de la protection des renseignements personnels (Loi 25 du Québec) peut être jointe à la même adresse. Nous nous engageons à protéger vos renseignements personnels conformément à la Loi sur la protection des renseignements personnels et les documents électroniques (LPRPDE) et aux lois provinciales applicables en matière de protection des renseignements personnels.

2. Renseignements que nous recueillons

Nous recueillons les catégories de renseignements personnels suivantes :

- **Renseignements de compte** : prénom, nom et adresse courriel, fournis à la création du compte.
- **Profil d'entreprise** : nom de l'entreprise, numéro d'entreprise / numéro de TPS-TVH, adresse, numéro de téléphone, courriel professionnel et logo.
- **Données des soumissions** : descriptions des travaux, renseignements sur vos clients, montants et postes des soumissions que vous produisez.
- **Renseignements de paiement** : traités directement par Stripe Inc. — nous n'avons jamais accès au numéro complet de votre carte de crédit.
- **Identifiants de connexion** : votre mot de passe est conservé sous forme de hachage salé sur nos propres serveurs; nous ne le transmettons à aucun fournisseur d'identité tiers.
- **Renseignements techniques** : adresse IP, type de navigateur, pages consultées et durée des sessions (au moyen des journaux système).

3. Fins et fondements de la collecte

a) Fournir le service

Traitements nécessaires pour créer votre compte, produire des soumissions au moyen de l'IA et gérer les abonnements et les paiements.

b) Obligations légales et fiscales

Conservation des registres de facturation pour respecter la Loi de l'impôt sur le revenu et la législation applicable en matière de TPS/TVH.

c) Intérêts commerciaux légitimes

Analyses agrégées pour améliorer le service, prévention de la fraude et sécurité de la plateforme.

d) Consentement

Envoi de communications promotionnelles et d'infolettres, uniquement après votre consentement exprès.

4. Conservation des renseignements

Nous conservons les renseignements personnels uniquement le temps nécessaire aux fins décrites ci-dessus :

- **Données du compte** — jusqu'à la suppression de votre compte. Vous pouvez le supprimer vous-même (Paramètres → Sécurité → Supprimer le compte); la suppression prend effet après un délai de grâce de 7 jours pendant lequel vous pouvez l'annuler depuis le courriel de confirmation. Dès votre demande, votre connexion est bloquée, votre abonnement annulé et les services connectés déconnectés. À la fin du délai de grâce, l'ensemble des soumissions, clients, chantiers, coûts, photos, documents et paramètres est effacé définitivement, y compris les fichiers stockés.
- **Contrats signés et factures émises** — conservés 7 ans après la suppression, comme l'exigent la Loi de l'impôt sur le revenu, la Loi sur la taxe d'accise (TPS/TVH) et Revenu Québec pour les livres et registres. Ils sont dissociés du profil supprimé et rattachés à un dossier anonyme qui ne garde que le nom de l'entreprise et les numéros d'inscription aux taxes nécessaires pour les identifier; ils sont ensuite supprimés automatiquement.
- **Registres de facturation des abonnements** — 7 ans, selon les exigences de l'ARC en matière de TPS/TVH et d'impôt sur le revenu (détenus par Stripe et dans notre comptabilité).
- **Exportations de données** — le fichier ZIP demandé depuis Paramètres → Sécurité est supprimé 7 jours après sa production.
- **Journaux techniques** — 90 jours. **Sauvegardes chiffrées de la base de données** — 30 jours; des données supprimées peuvent donc subsister dans une sauvegarde jusqu'à 30 jours après la purge.

5. Avec qui nous communiquons les renseignements

Des renseignements personnels peuvent être communiqués aux catégories de destinataires suivantes :

- **Stripe Inc.** — traitement des paiements et versements (Stripe Connect).
- **Fournisseurs d'IA (Groq, Inc. ou OpenAI, LLC)** — production des soumissions, contrats et documents. La description des travaux, les photos et documents que vous joignez, votre catalogue de prix et les coordonnées du client figurant sur la soumission leur sont transmis selon les conditions d'utilisation de leur API.
- **Vercel Inc. et Supabase Inc.** — hébergement de l'application, base de données et stockage des fichiers.
- **Resend Inc.** — envoi des courriels transactionnels; Gmail (Google LLC) ou Outlook (Microsoft Corporation) lorsque vous connectez votre propre boîte de courriel pour envoyer depuis celle-ci.

- **Meta Platforms, Inc.** — messages WhatsApp Business que vous choisissez d'envoyer à vos clients, et Meta Lead Ads si vous connectez un compte publicitaire.
- **Google LLC et Microsoft Corporation** — synchronisation d'agenda (Google Agenda, Outlook) lorsque vous connectez un agenda.
- **Intuit Inc. (QuickBooks) et Wave Financial Inc.** — synchronisation comptable lorsque vous les connectez.
- **Financeit Canada Inc. et Flinks Technology Inc.** — offres de financement aux clients et rapprochement des transactions bancaires lorsque vous les activez.
- **PostHog, Inc. et Google LLC (Google Analytics)** — analyse de l'utilisation du produit et mesure de la fréquentation du site.
- **Twilio Inc.** — textos (SMS) que vous choisissez d'envoyer à vos clients et à votre équipe, et les réponses qu'ils vous renvoient.
- **Functional Software, Inc. (Sentry)** — rapports d'erreur lorsqu'une fonction de l'application échoue; ils contiennent le contexte technique de l'erreur (page, navigateur, identifiant du compte), et non le contenu de vos soumissions.
- **Apple Inc., Google LLC et Mozilla Corporation** — acheminement des notifications que vous activez, par le service de notifications de votre navigateur.

Nous ne vendons pas de renseignements personnels à des tiers. Lorsque des renseignements sont traités ou conservés à l'extérieur du Canada (y compris aux États-Unis), nous prenons des mesures raisonnables pour assurer un niveau de protection comparable au moyen de garanties contractuelles, conformément au principe 4.1.3 de la LPRPDE (responsabilité à l'égard des renseignements transférés à des tiers).

6. Vos droits

En vertu de la LPRPDE et des lois provinciales applicables, vous avez le droit :

- **d'accès** — obtenir une copie des renseignements personnels que nous détenons à votre sujet. Le titulaire du compte peut tout télécharger en une fois depuis Paramètres → Sécurité → Exporter mes données (une exportation par jour, lien valide 7 jours);
- **de rectification** — faire corriger des renseignements inexacts ou incomplets;
- **de retrait du consentement** — retirer votre consentement en tout temps, sous réserve des restrictions légales ou contractuelles;
- **de suppression** — supprimer vous-même votre compte depuis Paramètres → Sécurité → Supprimer le compte, sous réserve des obligations légales de conservation décrites à la section 4;
- **de porter plainte** — au sujet de la façon dont nous traitons vos renseignements.

Pour exercer ces droits, écrivez-nous à privacy@quoteai.ca. Nous répondrons dans un délai de 30 jours. Vous pouvez aussi porter plainte auprès du [Commissariat à la protection de la vie privée du Canada](#) ou, s'il y a lieu, de l'organisme provincial de protection des renseignements personnels (au Québec, la [Commission d'accès à l'information](#)).

7. Témoins et technologies de suivi

Nous utilisons uniquement les témoins (cookies) strictement nécessaires au fonctionnement du service (authentification, gestion de session). Nous n'utilisons aucun témoin de profilage ni aucun témoin publicitaire de tiers.

8. Sécurité

Nous appliquons des mesures de sécurité techniques et organisationnelles appropriées pour protéger les renseignements personnels contre l'accès non autorisé, la perte ou l'altération : connexions chiffrées (TLS/HTTPS), contrôle des accès et stockage haché des identifiants sur notre propre infrastructure.

9. Modifications de la présente politique

Nous pouvons mettre à jour la présente politique de temps à autre. Toute modification importante vous sera communiquée par courriel ou par un avis dans la plateforme au moins 14 jours à l'avance.
